

## Submitting a Claim

**Step 1:** Complete and Post the invoice in **Cornerstone**, which will allow access to the invoice in Trupanion's software.

**Step 2:** From the **Appointments** page in **Trupanion's software**, click the blue **Start Claim** button on the pet file.

**Step 3:** Confirm **Finalized Invoice** is selected.

**Step 4a:** If the claim is due to an accident, select **Yes**. If not, or if you are unsure, select **No/Not Sure**. Enter the *Reason for treatment* and *Date of first sign*. Click **Enter additional notes/comments** to add more detail about the pet's visit. Adding more detail can help expedite claims processing.

**Step 4b:** If a claim has previously been filed for the condition, click **Yes** and you will have the ability to select the related claim. This will pre-fill the *Reason for treatment* and *Date of first sign*. Add additional details if desired. This option won't be available if the pet hasn't had any prior claims with you.

**Step 5:** Confirm the correct invoice and Attending DVM are selected, or select the correct information from the drop-downs lists. The most recent invoice will be selected by default.

**Step 6:** Confirm the payment as **Pay to Hospital** or select **Pay to Client**. **Pay to Hospital** should be used to provide the best client experience.

**Step 7:** Type your name in *Submitter's Name* and click **Submit Claim**.

**Claims Tip:** Claims can also be started by clicking **Start New Claim** from the Main Menu.
